

S O U T H E R N GENERATORS & ELECTRICAL

STANDARD RANGE

- 8kVA to 600kVA
- Enclosed silenced models or open frame
- Water jacket heater (17kVA and above)
- Fork pockets
- 110% fully banded enclosure
- Single lifting point
- Battery charger (17kVA and above)
- Heavy duty construction
- Low fuel consumption
- Bio-diesel compatible
- External emergency stop button
- Warranty up to 24 months

SOLUTIONS RANGE

- 730kVA to 2300kVA
- For larger power requirements
- Permanent, prime, standby or mobile support power
- Custom built to your specific requirements
- MTU or Mitsubishi engines
- Open or enclosed / containerized
- Communications modules available
- Super quiet enclosures
- State of the art controller
- Synchronizing options

RENTAL RANGE

- 20kVA to 200kVA prime rated
- Rugged construction
- Raycor filters
- Large access doors
- Low noise level
- Digital control panel
- Extended run fuel tanks
- External lockable fuel filler
- Recessed IP56 outlets fitted
- Skid base and fork pockets
- Single lifting point
- 110% banded base
- 7 day programmable timer
- Compact dimensions
- Trailer mounting capability
- Remote fuel tank connection point with 3-way valve

LIGHTING TOWERS

- 9 metre hydraulic mast
- Provides 360,000 lumens of white light
- 4 metal halide spotlights – each of 1000 watts and 90,000 lumens
- Quick and easy to use
- 359° rotating mast
- Lockable key-start analogue control panel
- Mast extends fully in 13 seconds
- Fork pockets
- Single lifting point
- Fully bunded 100 litre fuel tank for 68 hour run time
- 4 adjustable legs providing stability
- 3 cylinder, water cooled Yanmar engine
- Power socket outlets
- External power inlet facility
